To optimize the handcolouring of your items we have developed some guidelines.

- We can only offer our colour service for items from our Rainbow Club collection that we have indicated are dyable.
- In case of changeable fabrics please specify the desired colour and mark the right side of the swatch.
- Before you wear the coloured shoes, we advise to impregnate them. Therefore the colour is not waterproof, be aware of high humidity and rain!
- When we dye styles with bows, knots, folds, etc. it is possible that there can be some colour difference.
- Once a fabric protector has been applied there is a risk that the paint will not completely cover the shoes/bag.
- Shoes can be re-dyed to cover marks after wear, however only in dark colours like navy and black. In that case we advise you to slightly impregnate the shoes.
- The interior side and the bottom should be clean (without grass/mud).
- We always include the Maintenance Tips in the box of the coloured shoes.

I have read the information and accept the terms and conditions outlined by ShoeStories by Elsa Colored Shoes.
